## NESTABLE REUSABLE

AYVA's innovative **Liquids Drum** has been designed to improve the overall customer experience - from reducing space requirements before filling, through to ease of pouring and stacking, to lid removal, disposal and recycling.

### < GROUNDBREAKING SPACE SAVINGS

Nestable when empty, our 20L plastic drums will reduce your space requirements up to 5x, significantly reducing your transportation, storage and disposal costs.

- SAVE** Storage Space  
Logistical Costs
- MAX** Stacked Seamlessly for  
Optimal Pallet Efficiency
- SAVE** Reuse or Recycle  
Nest for Disposal
- FDA** FDA Approved Materials  
Suitable for Edible Oils

20 LITRE LIQUIDS DRUM

# DESIGNED FOR PERFORMANCE

Ayva's 20 Litre Liquids Drum is made from impact resistant polypropylene specially formulated for high performance industrial and food grade applications.

Optional pull up pourer

Optional anti plug pouring device for seamless pouring

Double lock lid for additional security

Nestable when empty, reducing space requirements by up to 5x. Major savings on delivery, storage & disposal

Full cover In-Mould Labelling (IML) for superior shelf presence

Superior strength & durability with excellent drop test performance

Optional piercable 20mm threaded opening and bung

Tamper Evident Lid closure to ensure the contents integrity

Easy run off lid prevents build up of water or contaminants and can be easily cleaned

Heavy duty foldable carry handle for effortless handling

Optional 56mm screw cap

Removable lid allows for second life use and efficient recycling, significantly reducing the cost of disposal for the end user

## Palletisation

Our drums have been engineered for superior sturdiness when stacked. They are designed for optimal palletisation efficiency, with no overhang on a standard pallet.

AYVA holds ISO 9001:2015 certification.  
HACCP codex alimentarius | Alinorm 97/13A.  
Made from food contact approved materials (FDA).

AYVA is an industry leader in plastic packaging, specialising in the manufacture and supply of high-quality plastic drums, pails, barrels, cartridges, crates and closures.
